## The Soccer EDGE Camp

The Soccer EDGE camp is truly the best camp in the area for the youth and high school aged players. Participants are taught by true soccer professionals that create a friendly environment conducive to developing teamwork among athletes while improving their individual soccer skills. Participants are carefully divided into groups by age and skill level in order to create a safe environment that is ready for learning.

The Soccer EDGE camp is designed to improve and develop the participant's soccer understanding, decision-making and love for the game. Our comprehensive program offers an extensive pre-season curriculum tailored to the specific needs of the high school athlete. The camp's goal is to help players achieve a higher level of technical proficiency and ball-handling creativity. This is an intense and demanding camp that is specially designed to accommodate highly dedicated soccer players. The environment will facilitate high-paced technical sessions while incorporating in depth team tactical knowledge. Sessions will analyze the various tactical decisions made during ball possession, during the opponent possession and transition.
